PREPARED FOR DR. ISH

AN INTEGRATED ENTERTAINMENT & CREATOR ECONOMY

DKB / MUSIC / GAMES / HARDWARE / LIVE EVENTS

THE $2,000,000 LAUNCH OPPORTUNITY

$2M

DaKickBack (DKB) is a proposed connected entertainment system: touring builds audiences; music and creators sustain daily engagement; **Welcome 2 Westville** turns the culture into an interactive world; **ToyBoxx** makes it tangible; and the DKB network organizes commerce, media and fan support.

A PERSONAL NOTE TO DR. ISH

Dr. Ish, we sincerely appreciate your generous $2 million offer to help bring DKB to market. We intend to earn that trust through controlled draws, measurable launch milestones, artist-led audience growth and transparent investor reporting. This proposal does not seek more than $2 million.

WHY THESE MARKETS MATTER

PUBLIC INDUSTRY DATA / NOT DKB REVENUE

$60.8B	$31.7B	$25.2B
U.S. video game spending, 2025	Global recorded music, 2025	Live Nation revenue, 2025

Investment framing: DKB's launch involves both active music collaborations and an ambitious platform roadmap. Commercial performance depends on execution, rights, delivery and costs. Public market sizes are context, not DKB sales or valuation. Sources: ESA (revised 2025 figures); IFPI Global Music Report 2026; Live Nation FY2025.

THE LAUNCH WILL BE MILESTONE-GATED

A PRACTICAL $2M START

01 CONTRACT & LAUNCH
Confirm bookings, clearance, financial controls and opt-in artist campaigns.

→

02 PROVE PRODUCT
Release core DKB ticketing / creator tools and a measured Westville experience.

→

03 REINVEST ON SIGNAL
Expand only against verified demand, margins, prototypes and settlements.

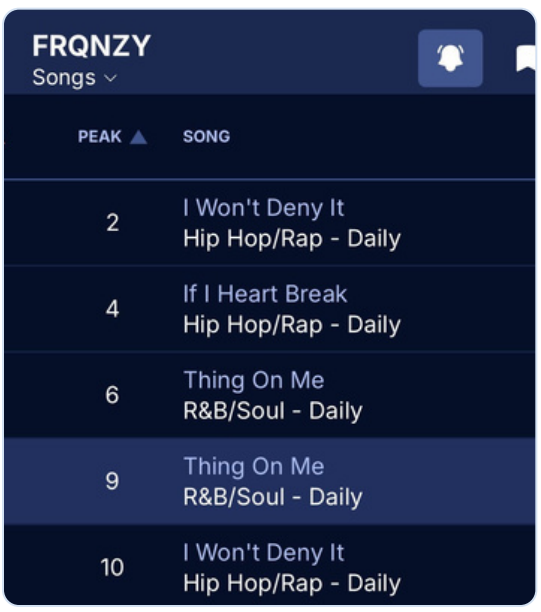

ONE $2M COMMITMENT. ONE ACCOUNTABLE BUILD-AND-LAUNCH PLAN.

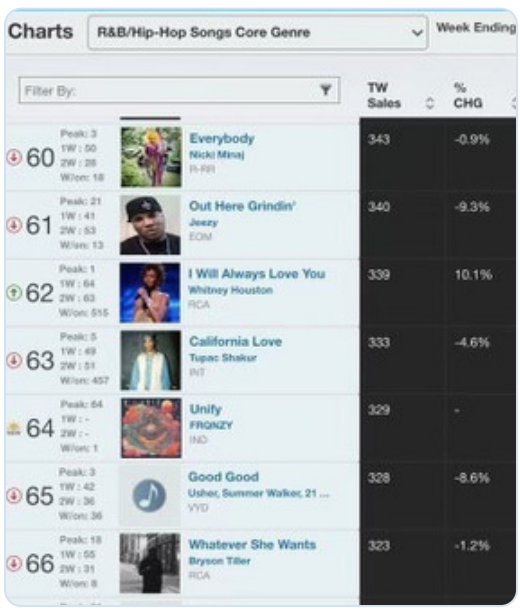

02 / FOUNDER, CREDIBILITY & LAUNCH

MUSIC, MUSIC, MORE MUSIC

The founder's music, existing chart history and booked collaborations are the marketing engine behind the platform launch.

Billboard-related chart history reported; exact week pending

MALCOLM “FRQNZY” HENDERSON

FOUNDER / MUSIC ARTIST / CREATIVE DIRECTOR

Founder of DaKickBack and Good Karma Music Group, FRQNZY is the recording and creative face of the DKB artist-to-fan launch. His submitted chart evidence includes **“Unify” at #64 on an R&B/Hip-Hop sales chart**, a displayed **#1 Amazon R&B bestseller placement for “Thing On Me”**, and international song rankings. Management also reports Billboard chart appearances; exact Billboard chart names, dates and positions will be provided with archival records. The 365-song campaign is built around radio-quality releases across genres, not placeholder tracks.

03 / LIVE ENTERTAINMENT & GLOBAL TOURING FLYWHEEL

THE DAKICKBACK TOUR

TURNKEY TALENT ENGINE & LIVE NATION DISTRIBUTION

The DKB Tour pairs legendary and elite contemporary talent directly with FRQNZY collaborations, turning every live arena and theater date into an onboarding engine for the DKB Platform, where fans register, stream, and buy tickets exclusively.

EAST COAST → WEST COAST → GERMANY / UAE (OPTIONAL)

East Coast route culminating with Babyface Ray; FRQNZY and Krayzie Bone on the West Coast. Management is actively exploring Germany and UAE routing as incremental international markets.

1 THE WALT REEDER TURNKEY ADVANTAGE: IN-HOUSE BOOKING EFFICIENCY

Walt Reeder Entertainment (management-described as the nation's premier Black-owned talent agency; Senior Talent Buyer & Partner with the Black Promoters Collective) serves as DKB's direct routing and booking engine.

WHOLESALE BELOW-MARKET PRICING

Because roster talent is signed and aligned directly through Walt Reeder's institutional pipeline, DKB targets booking fees at internal wholesale rates—drastically lowering upfront guarantees compared to open-market talent buys. Final rates are set in each executed talent agreement.

LIVE NATION WHOLESALE-TO-PROMOTER ARBITRAGE

Walt Reeder packages and sells the DKB Tour directly into Live Nation venue networks and global routing circuits. DKB controls artist curation, co-branded stage production and exclusive ticketing integration while offloading venue risk and maximizing tour settlement profits.

CURATED ROSTER ALIGNMENT — FRQNZY COLLABORATIONS & CO-BILLS

CURRENT & ELITE HEADLINERS — 12 ARTISTS

GloRilla · Future · Bossman Dlow · G-Herbo · Luh Tyler · Key Glock · Sexyy Red · Babyface Ray · 21 Savage · Rod Wave · Gunna · Doechii

LEGACY ICONS & HITMAKERS — 10 ARTISTS

Bone Thugs-N-Harmony · Krayzie Bone † · Teddy Riley † · Slim (112) · AMG Twins † · Charlie Wilson · Guy · Keith Sweat · Dru Hill · Jagged Edge

STRATEGIC ROSTER DEPTH — $10K–$15K ROSTER TIER — HIGH-MARGIN SUPPORT ACTS

DJ Quik · Slick Rick · Big Daddy Kane · Case · J Holiday · Adina Howard

High-margin support acts and regional heavyweights deployed for maximum ROI. † DKB-direct collaboration or booking—not listed on the Walt Reeder Entertainment 2026 roster sheet. All other names appear on that roster; availability and pricing are confirmed per date.

THE DISTRIBUTION CHAIN: FROM ROSTER TO ROOM TO PLATFORM

WALT REEDER — Roster access at wholesale rates → **DKB TOUR** — Curation, co-branded production, ticketing → **LIVE NATION NETWORK** — Venue routing, venue risk offloaded → **FAN → DKB ACCOUNT** — Register, stream, buy, subscribe

2 THE MANDATORY DKB TICKETING & FAN CONVERSION FUNNEL

Every show is engineered as a viral customer-acquisition vehicle for DKB:

01 EXCLUSIVE / PRIMARY DKB TICKET PORTAL

Tickets, VIP upgrades and meet-and-greets are funneled through the DKB platform. To purchase tickets, attend, or claim exclusive merch, fans register a DKB account.

02 IN-VENUE MOBILE ENGAGEMENT

Evan Shive's high-density infrastructure powers live interactive event Wi-Fi, driving in-arena streaming of FRQNZY's catalogue, instant profile creation, and real-time voting on Westville leaderboards.

03 POST-SHOW FAN LIFETIME VALUE

Attendees transition from one-night concertgoers into active monthly subscribers, streamers on DKB Hot 100, and players inside Welcome 2 Westville.

03 / LIVE ENTERTAINMENT & GLOBAL TOURING FLYWHEEL

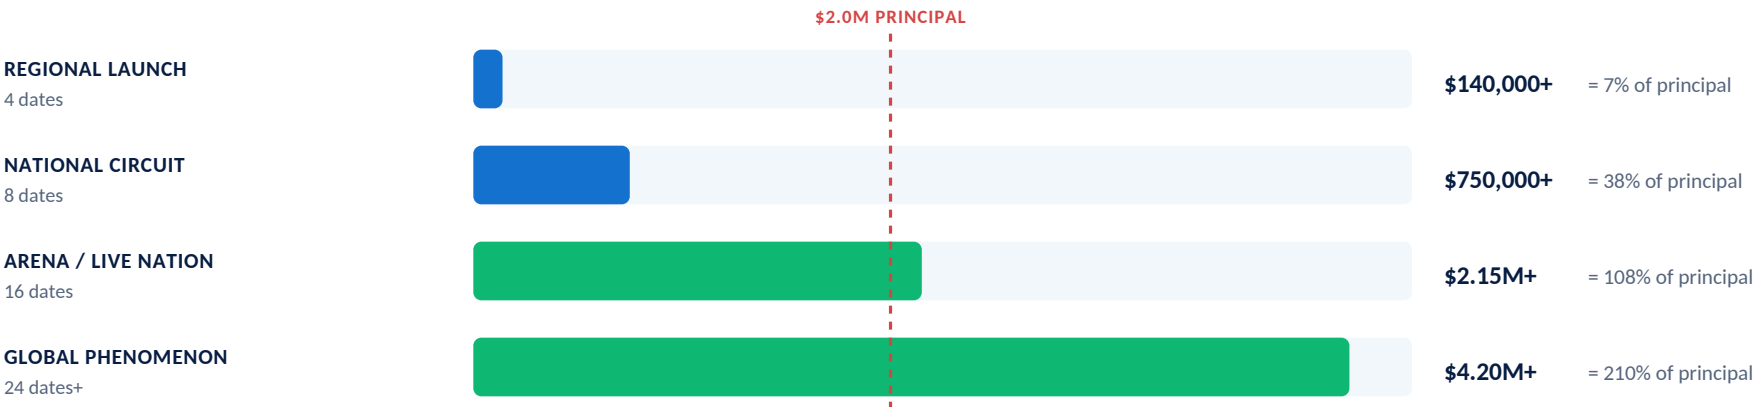

3 SCALED TOUR PROJECTIONS: EXPANDED ROUTING CAPACITY (WHOLESALE TALENT BASIS)

SCENARIO	ROUTING & SCALE	AVG TICKET GROSS	EST. NET TO DKB FLYWHEEL
REGIONAL LAUNCH Theaters / mid-size	**4 Dates** 1,200 cap @ $65 avg	**$312,000**	**$140,000+**

GLOBAL PHENOMENON US arenas + Germany / UAE	**24 Dates+** 5,000+ cap @ $80 avg	**$9.60M+**	**$4.20M+**
DOWNSIDE FLOOR (PRIOR DRAFT) Carried forward for investor transparency	**2 Dates** 600 cap @ $55 avg	**$66,000**	*Not projected*

Gross = dates × capacity × average ticket. Net figures are management estimates after talent, production, venue, marketing and settlement costs; "defined net" will be fixed in the written agreement and is not a guarantee of investor cash.

NET TO DKB FLYWHEEL vs. THE $2,000,000 PRINCIPAL

FIRST-DOLLAR WATERFALL COVERAGE

Illustrative: on management's net estimates, tour net alone first covers the full $2M at the **Arena / Live Nation Amplified** scale (16 dates). Smaller scenarios return a portion of principal and rely on merchandise receipts and later reinvestment. Implied net per date: $35K / $94K / $134K / $175K.

CO-HEADLINE MOMENT
FRQNZY + headliner perform the record together

GERMANY, UAE AND FESTIVAL UPSIDE

OPTIONAL / TESTED SEPARATELY

GERMANY EXPANSION
Management plans potential packages involving GloRilla, G-Herbo, Key Glock and Bone-related acts, with the UAE as an added route. Germany / UAE dates are included only in the **Global Phenomenon** scenario.

UPSIDE TO PRICE AND TEST
International fees, additional pop-up dates, live broadcasting (FTV pay-per-view) and festival partnerships create upside that is priced and tested separately from the base scenarios.

LEGAL CLEARANCE FIRST
Full legal clearance, talent riders and live-event escrow are required before any international routing is committed.

MANDATORY FANBASE CROSS-PROMOTION

PROPOSED RIDER TERM / TO BE CONTRACTED

CONTRACTED PROMOTION
Every booked headliner is required to promote the collaborative song, the video and the DKB ticket link to their own audiences.

COMBINED REACH
The roster's combined social audiences become the top of the DKB funnel, supplementing paid FM and creator campaigns in each market.

MEASURED, NOT ASSUMED
Sign-up surges per metro date are a target to be measured and reported monthly; they are not yet a historical result.

A DKB NIGHT: RUN OF SHOW

EVERY MOMENT FEEDS THE PLATFORM

01 **DOORS**

NEW COMMERCE PRODUCTS / TRANSPARENT PROPOSED ECONOMICS

SUBSCRIPTIONS + P2P

DKB TICKET + FRQNZY AI • $49.99 / MO
Proposed premium workspace for artist-booking intake, rider management, deal templates, tour routing, contract tracking, and premium chart access. A professional must approve legal terms; “unlimited” usage and subscriptions require realistic hosting and data licensing.

FAN-TO-CREATOR PAYOUTS
Proposed cash-out: **2% service fee** for eligible instant transfers; no DKB fee for eligible standard transfers taking roughly 3–5 banking days. External processing charges, eligibility, chargebacks, fraud controls, KYC / AML and applicable licenses must be established.

LIVE DIGITAL PERFORMANCES / TALENT DISCOVERY / EXPERIENCE COMMERCE

VIRTUAL + PHYSICAL SHOWS
Motion capture / Live Link may synchronize a performer with an in-world avatar. Remote ticketed PPV, sponsored sets, paid designs and merch are possible once the tech stack is tested.

RAP BATTLE CIRCUITS
8 Mile-style leagues, fan voting, qualified label judges, moderated prize contests and producer showcases. Any money wagers stay disabled absent gaming approvals.

CREATOR PROGRESSION
In-game music career: make recordings, sell digital or physical music, book local venues, earn audience reputation and build toward major tours with measurable engagement.

PUBLIC PRECEDENTS FOR IN-WORLD CONCERTS

12M+ concurrent players at Travis Scott's Fortnite “Astronomical” event, Apr 2020 (Epic Games)

33M+ visits to Lil Nas X's Roblox concert weekend, Nov 2020 (Roblox)

EDUCATION IS A PARTNERSHIP OPPORTUNITY, NOT AN ISSUED CREDENTIAL
Proposed virtual campuses and immersive instruction for GED / high-school-equivalency preparation, industry training and certain licenses. Only authorized schools, testing organizations and regulators can issue valid credentials.

DKCoin / Ghana concept: proposed platform currency and potential gold-linked partner discussions are not evidence of reserves, redemption rights or stable value. Creator royalties require licensed payment partners, audit trails and legal review. Model: DKB product roadmap; licensing, educational accreditation and payment functionality not yet verified. Precedent figures are as publicly reported by the platforms at the time.

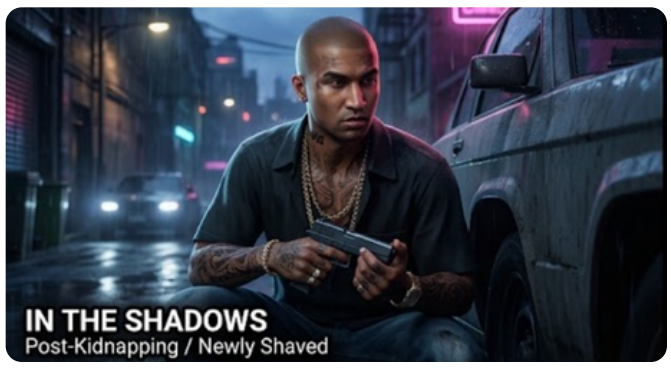

05 / FLAGSHIP INTERACTIVE WORLD

WELCOME 2 WESTVILLE

Hero: Malcolm Samir. Aspirational cinematic quality, a living seven-city framework and interlocking career systems; the finished GTA VI-level production standard remains a target.

A SEVEN-CITY FRAMEWORK, NOT A SINGLE GTA-STYLE HUB

30KM × 30KM / PROPOSED WORLD SCALE

The world plan draws on the DMV, San Francisco and Long Beach, Chicago, Los Angeles, New York, Tokyo / Hong Kong, Las Vegas / Nubai and the pristine ancient architecture of Azure Egypt. City identities and geography will be reconciled to the approved Westville map bible; the “seven cities” aspiration includes multiple distinct subdistricts and surrounding biomes.

DMV · San Francisco + Long Beach · Chicago · Los Angeles · New York · Tokyo / Hong Kong · Las Vegas / Nubai · Azure Egypt

Lush forests · Waterfalls · Tombs · Caverns · Secret mansions · Underwater tunnels · Elevated roads · Hidden bases

WHERE WESTVILLE DIFFERENTIATES ITSELF

SYSTEMS THAT CREATE REPLAY VALUE

LIVING NPC NETWORK

Characters with daily schedules, rivalries, careers, choices and mission chains triggered by whom a player actually meets.

STORY + ACTION

101-mission base target; heists, dilemmas, cinematic driving, on-foot action, reactive police, complex character outcomes.

SPORTS AS CAREERS

WVWF wrestling, boxer / fight-night championship paths, GFL football and GBA basketball: street play through scouting and pro stages.

MOTORSPORT

Street and sanctioned races, high-stakes risk / reward, cinematic vehicle missions and car-to-car action sequences.

MUSIC STAR ARC

Create a performer, sell records, promote locally, book and headline venues, perform live, build label / fan relationships.

WORLD ECONOMY

Real money only through permitted payment rails; virtual goods, real merchandise, commerce, venue rentals and earned creator shares.

THE PRODUCTION STACK & THE FIRST PLAYABLE SLICE

PLANNED SCOPE / NOT COMPLETED CONTENT

Unreal Engine 5 · MetaHuman characters · Strand-based hair · Nanite geometry · Lumen lighting · World Partition streaming · Mass crowd AI

Chaos vehicles · Niagara FX · Live Link mocap

PHASE 1 — Map-bible reconciliation + in-engine block-outs → **PHASE 2** — Hero character, driving loop, first district → **PHASE 3** — DKB ticketing + stage-event integration → **PHASE 4** — Playable Unreal Engine 5.8 slice for investors

THE BRIDGE BETWEEN THE GAME AND THE REAL WORLD

A PRODUCT PATHWAY, NOT A SHIPPED FEATURE

TOYBOXX DIGITAL TWIN / REAL-WORLD PURCHASE

A player buying a ToyBoxx console in Westville could connect that order to a real USD checkout and a synchronized in-game virtual console, timed to real fulfillment. The promise is more than an unboxing moment: a branded physical / digital experience. Availability, legal currency conversion, order integration, refunds and shipping remain development tasks.

Source: Westville creative materials and new concept screenshots. Planned scope is not completed content.

06 / ORIGINAL GAME IP + HARDWARE + DISTRIBUTION

LEGEND OF FRQNZY + TOYBOXX

Two complementary opportunities: an independent fantasy world and a connected physical console. Fantasy assets remain entirely separate from Westville.

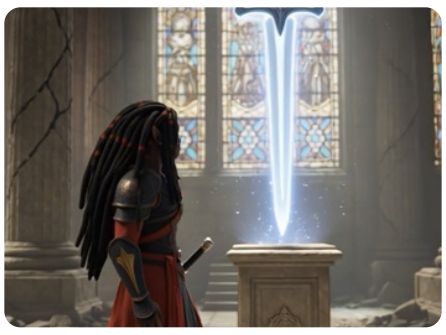

THE LEGEND OF FRQNZY: DARK AGE AWAKENING

INDEPENDENT FANTASY IP

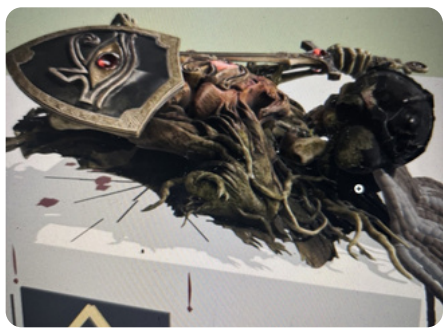

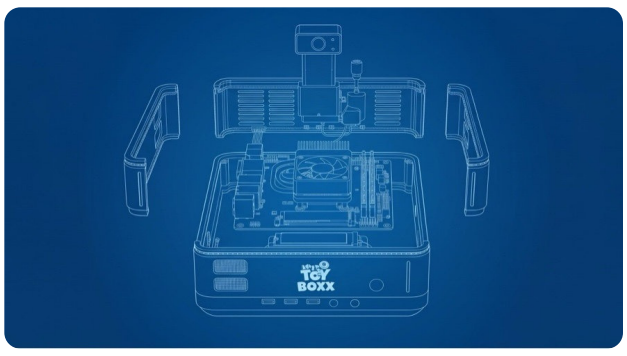

An ancient-world fantasy adventure spanning desert kingdoms, forests, sky structures, lost civilizations, mystic artifacts, temple bosses and signature eye-of-Horus-inspired relics. Planned media extensions include soundtracks, collectibles, animation and narrative expansion. Concept art is evidence of creative development, not a completed consumer game.

TOYBOXX CONSOLE / A CONNECTED HOUSEHOLD PRODUCT

PHYSICAL + DIGITAL MODEL

ToyBoxx is conceived as a couch-first console integrating gaming, music, community tools, media playback and selected legacy media functionality, subject to technical validation and intellectual-property rights. No PS / Xbox disc compatibility or cross-play is asserted as functional without licenses and testing.

MANAGEMENT BOM TARGET (UNVERIFIED)

$149.99
IMPLIED SPREAD BEFORE FULFILLMENT, WARRANTY, TAX, CAC

The claimed $149.99 net margin has not been supported by manufacturer bills of materials, fulfillment, warranty, tax or customer acquisition costs; treat it as a target to be proven at the hardware gates below.

GATE 1 — Functional PCB prototype → GATE 2 — Controller verification → GATE 3 — FCC / CE safety certification → GATE 4 — Audited manufacturer BOM → GATE 5 — Pilot production run

SURREAL ENGINE / FRQNZY AI / TELERIC EXPANSION

CREDIBLE PHASED DELIVERY

CREATION LAYER

UE / Blender-centered prompt and pipeline automation for environments, assets, build management and technical QA. Claimed 1,200+ skills and 3–6 month AAA completion are not independently validated.

INFRASTRUCTURE

Evan Shive contributes to the proposed Teleric access and connectivity strategy. Festival-scale Wi-Fi, edge delivery and commercial media streaming must be engineered, budgeted and contracted.

LIVE STREAMING

A strong production opportunity: virtual events, live fan participation, venue internet services and paid platform access for third-party broadcasters, with rights and capacity tested first.

Source: user game / hardware designs and management technical concept; features pending certification or proof.

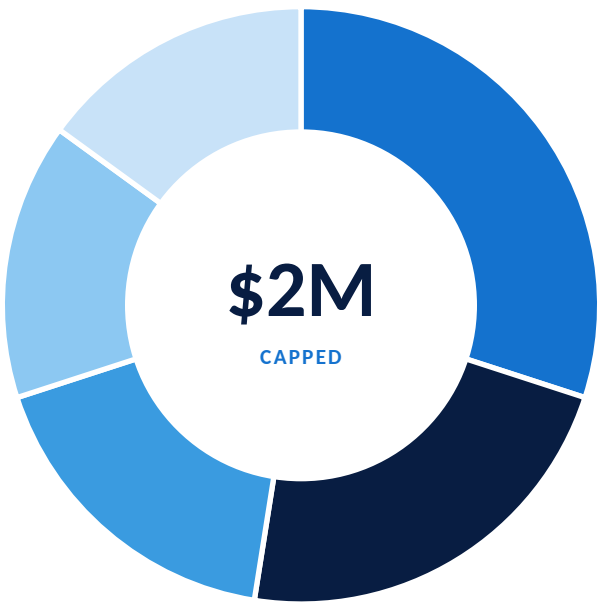

07 / FINANCING, SCENARIOS & INVESTOR PROTECTION

THE $2M LAUNCH ECONOMICS

Four adoption cases illustrate potential gross activity, not investor cash returns. Execution and reporting are milestone-based and no additional investment is requested.

USE OF FUNDS / $2,000,000 TOTAL ALLOCATION

SOURCE ALLOCATION / 100%

Touring & Live Production — $600,000 (30.0%)
Leveraged with Walt Reeder's below-market wholesale artist fees to fund initial deposits, Live Nation co-pro guarantees, and stage design.

Welcome 2 Westville & DKB Web Platform — $450,000 (22.5%)
Core buildout for 13-tab architecture, ticketing portal, and playable Unreal Engine 5.8 slice.

ToyBoxx Console & Hardware Engineering — $350,000 (17.5%)
Tooling, ToyBoxxOS architecture, and controller verification prototypes.

Media, Radio & Global PR — $300,000 (15.0%)
Regional FM pushes in tour markets, late-night media relations, and 365-song rollout support.

Legal, Compliance & Working Capital Reserve — $300,000 (15.0%)
SEC / KYC compliance, talent rider contracts, and live event escrow.

RECOUPMENT WATERFALL / TERMS FOR NEGOTIATION

PROPOSED / SUBJECT TO WRITTEN AGREEMENT

TIER 1 • PRIORITY RECOUPMENT

100% of defined net tour and merchandise receipts flow directly to Dr. Ish until the **$2,000,000 principal** is fully returned.

TIER 2 • PERMANENT PARTICIPATION

50 / 50 permanent net profit split on ongoing live / merch ventures after principal is returned.

ALONGSIDE

1% publishing participation on each of the 365 FRQNZY campaign songs. Not 365% catalog ownership; rights, calculation base and duration to be defined in writing.

$75K bonus payable on a defined label milestone.

RECOVERY REALITY: WHAT THE TOUR SCENARIOS IMPLY

DERIVED FROM MANAGEMENT NET ESTIMATES

SCENARIO	TOUR NET (EST.)	NET PER DATE	% OF $2M PRINCIPAL	DATES TO $2M AT THAT RATE
Regional Launch	$140,000+	$35,000	7%	58 dates
National Circuit	$750,000+	$93,750	38%	22 dates
Arena / Live Nation Amplified	$2.15M+	$134,375	108%	15 dates
Global Phenomenon	$4.20M+	$175,000	210%	12 dates

Recovery reality: management's earlier illustrative $61K / event net would require about 33 comparable events to accumulate $2M if every dollar were available; the updated wholesale-basis estimates imply $35K–$175K per date. The 41–70-day goal refers only to first receipts, not full repayment, and the 12–24-month horizon is unverified. Defined net, settlement timing and merchandise receipts will be fixed in the agreement.

PROPOSED NEXT STEPS

01 — TERM SHEET
Confirm waterfall, defined net, publishing terms and draw schedule in writing.

02 — ESCROW & CONTROLS
Open dual-authorization account; appoint auditor; agree monthly reporting.

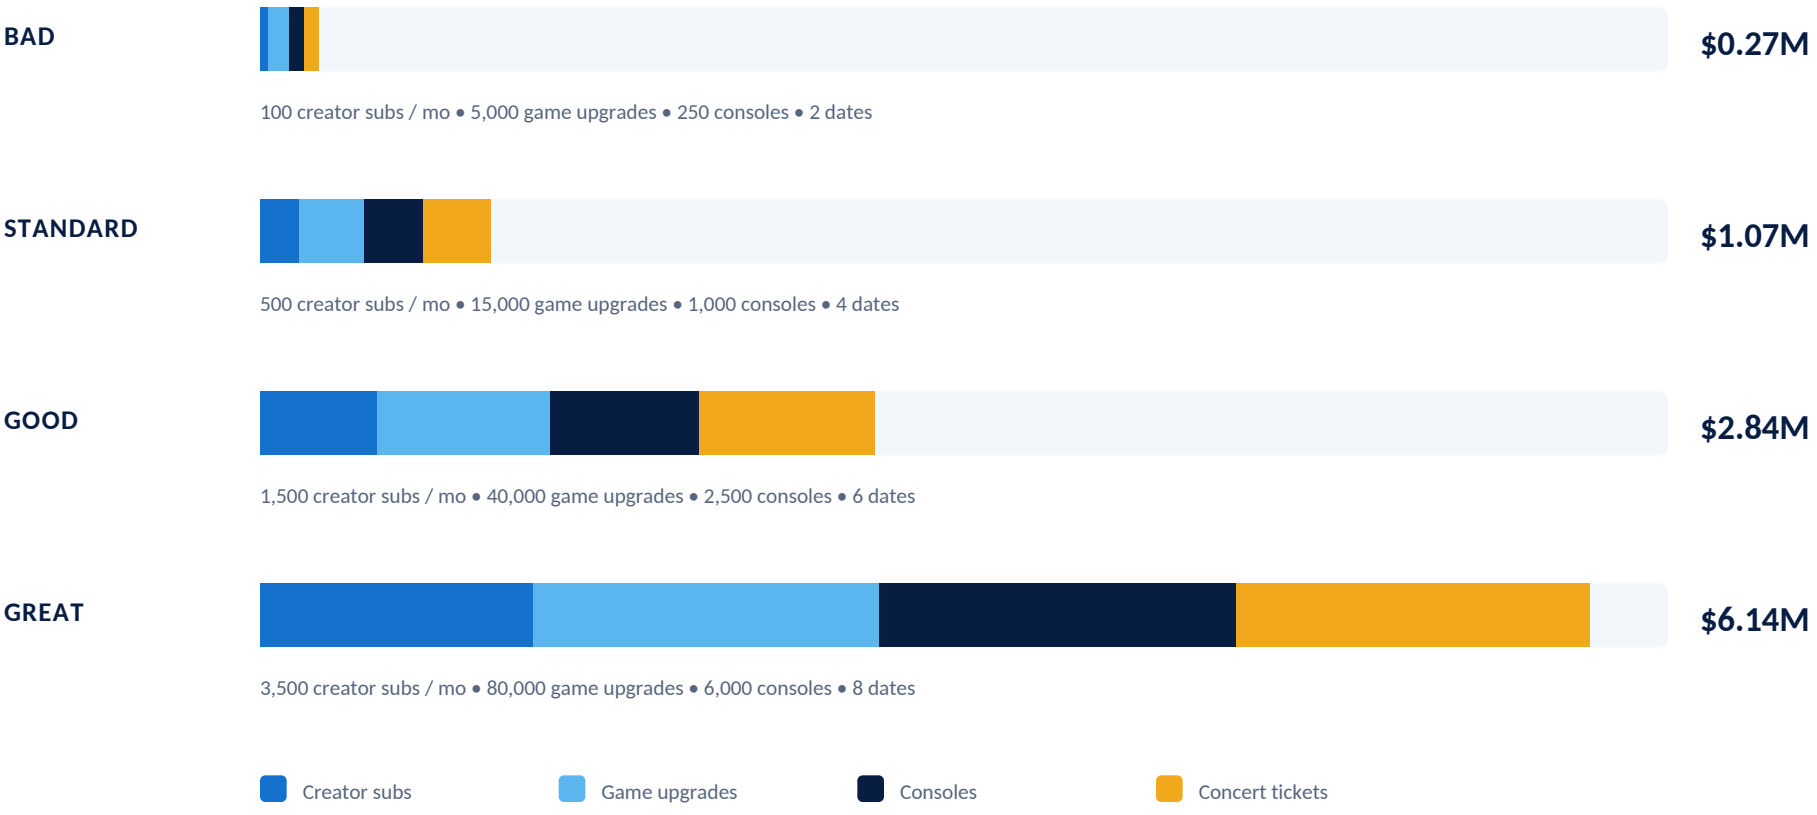

03 — TRANCHE 1 TRIGGERS
Executed Walt Reeder talent agreements, Live Nation routing LOIs, clearance.

04 — FIRST MILESTONE REPORT
Ticket portal live, first registrations, first settlement receipts.

07 / FINANCING, SCENARIOS & INVESTOR PROTECTION

GREAT • GOOD • STANDARD • BAD

GROSS CUSTOMER SPENDING, NOT PROFIT

Exact sensitivity formula: 12 months × subscribed creators × $29.99 + game upgrades × $19.99 + console units × $274.99, plus concerts × paid tickets / show × average ticket price. Show tickets are modeled from 600 × $55 to 2,400 × $85. Gross customer spending is not profit and is not distributable cash.

INVESTOR PROTECTION & PRUDENT CONTROLS

MILESTONE-GATED DRAWS

MILESTONE-BASED DRAWS

Capital is disbursed in tranches tied to verified milestones: executed talent agreements, certified BOMs, working ticketing software.

DUAL-AUTHORIZATION ESCROW

Treasury / account oversight with dual authorization and live-event escrow on deposits and settlements.

MONTHLY REPORTING

Monthly verified profit-and-loss statements and settlements, plus a maintained cap table.

THIRD-PARTY AUDIT

Independent auditing, manufacturer quotes, and education / payment compliance review.

LEGAL CLEARANCE

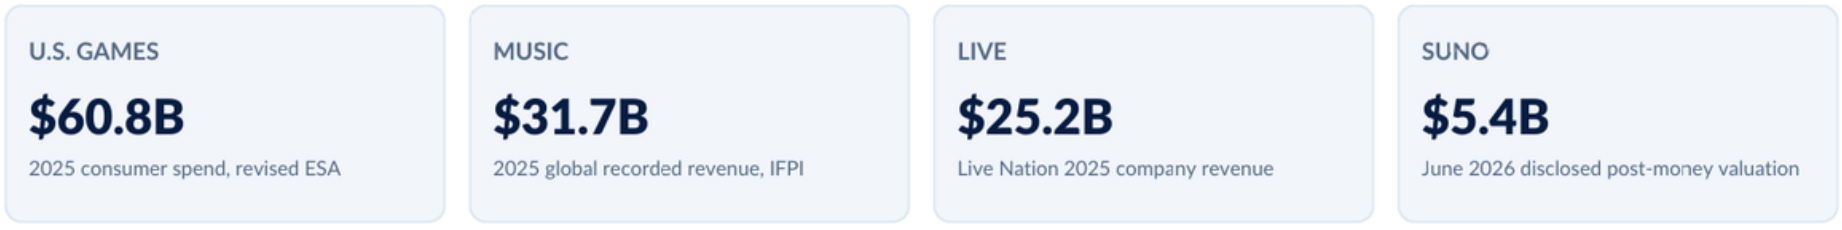

Artist / venue contracts, licensable rights and full legal clearance before any international tour routing.

HARDWARE GATES

Mass production only after functional PCB prototypes and FCC / CE certification.

PUBLIC MARKET CONTEXT / NO INFERRED DKB VALUATION

INDEPENDENT REPORTING

Suno is a market signal, not a DKB valuation. Its financing illustrates music-technology demand; DKB links recorded music, ticketing, games and hardware, with additional execution complexity. The national PR plan calls for a Dubai team photo and Forbes pitch, followed by TV / press outreach including Kimmel and Fallon, with Malcolm, Teddy Riley, Evan Shive, Dr. Ish and the DKB team. Media placements depend on editorial acceptance and scheduling. Research: theesa.com (2025 restated); ifpi.org (Mar 2026); news.livenationentertainment.com (FY25); suno.com (Jun 2026).

MONTHLY INVESTOR SCORECARD

REPORTED TO DR. ISH EVERY MONTH

DKB ACCOUNTS

Registrations created per tour date and per market

TICKET SELL-THROUGH

Paid tickets vs. capacity and average ticket price

NET vs. ESTIMATE

Defined net per date against the management estimate

REAL GAMES CREATE OPPORTUNITY

Welcome 2 Westville is the proposed primary urban open-world franchise, integrating cinematic narrative, music discovery, vehicle culture, fight-league events and a fictional digital economy. The creative plan describes a multi-district metropolitan region, with Westville, Eastville, Ritaru / Little Tokyo, docks and Azure Egypt environments.

Malcolm Samir — urban rise, street culture and the Westville story.

Malcolm Samir — power, conflict and survival in Westville.

The original prospectus outlines a 101–158 mission range: an opening rise through street culture, racing, music, security and territorial conflicts; a mid-campaign escalation into executive dealings and heists; a kidnapping turning point; and an optional later exploration arc. This scope is a proposed production roadmap, not a completed content count.

WESTVILLE WORLD & DISTRICTS

A DIVERSE METROPOLITAN PLAYGROUND

Westville sector map concept from original investor document.

REGION	SOURCE DESIGN BRIEF
Westville / central metropolitan	Commercial urban core, towers, nightlife and police facilities
Eastville	Industrial corridors, warehousing, production and street-racing opportunities
Ritaru / Little Tokyo	Neon nightlife, dense city blocks and Asian-inspired urban design
Docks / ports	Freight activity, shipyards, entertainment estates and coastal gameplay
Azure Egypt	Desert monuments, landmarks and exploration environments

DEVELOPMENT MATERIALS AND CHARACTER PIPELINE

FROM CONCEPT TO IN-GAME REALITY

Character-build workflow — from base mesh to final in-game model.

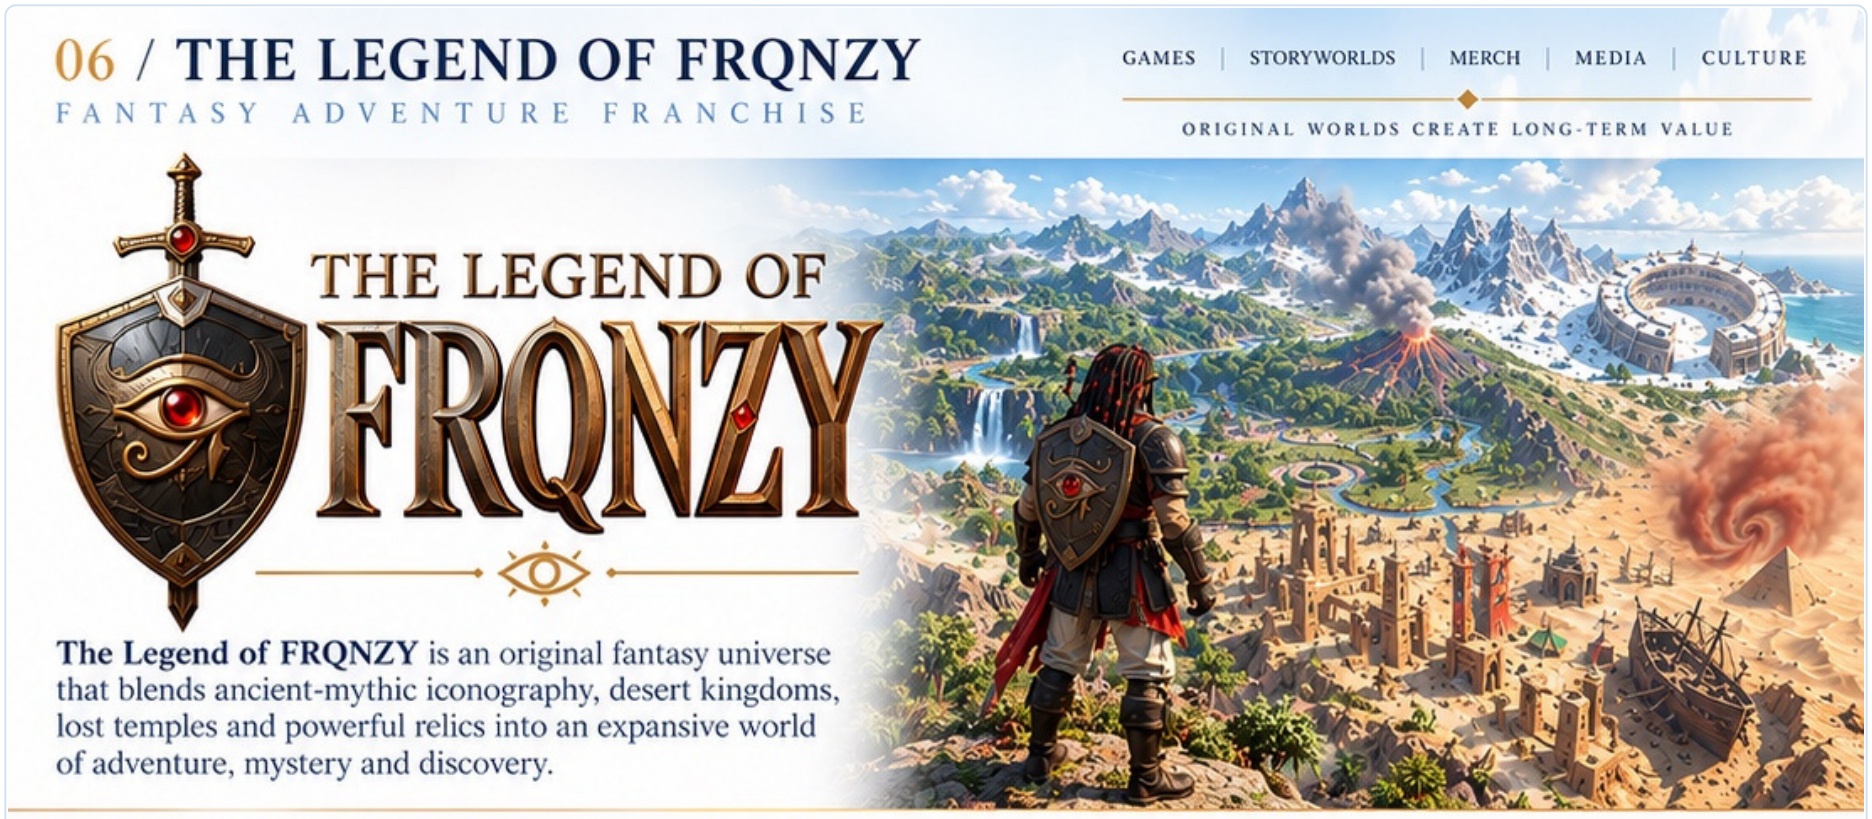

The production dossier refers to a MetaHuman-style hero workflow, LOD-0 geometry, facial animation blendshapes, strand hair, clothing layers, tattoos and physics-driven jewelry. Technical completion and performance require an in-engine demonstration and validation.

A5 / THE PROCESS: WORLD-BUILDING BLOCK-OUTS

THE PROCESS

FROM CONCEPT TO IN-ENGINE WORLD

Early block-outs and environment tests show how the maps, castles and terrain are drafted before final art. This is the pipeline the Westville / Legend slice funds: reconcile the map bible, block out in-engine, then replace with production assets.

1 ● BLOCK-OUT

Scale, sight-lines and traversal are proven with simple geometry first.

2 ● REPLACE

Production meshes, MetaHuman characters and materials replace the placeholders.

3 ● PLAYABLE SLICE

A vertical slice demonstrates driving, a district, a stage event and DKB ticketing.

Source: user-supplied process captures. Block-outs are development evidence, not final game visuals.

FORWARD-LOOKING INFORMATION

Projections, scenarios, tour estimates, net-to-DKB figures, margins and timelines are management estimates, illustrate potential outcomes only, and are not guarantees. Actual results depend on executed talent and venue agreements, rights clearance, ticket demand, costs, delivery and regulatory approvals.

BOOKING & ROSTER STATEMENTS

Walt Reeder Entertainment pricing, availability and routing are subject to executed agreements for each date. Live Nation venue routing is a target channel; no Live Nation agreement is represented unless and until one is executed. Booking status (e.g. Slim (112), AMG Twins) is management-reported.

PRODUCT & PLATFORM STATUS

Welcome 2 Westville, Legend of FRQNZY, ToyBoxx hardware, DKB web features, Teleric infrastructure, subscriptions, payouts, DKCoin and education concepts are roadmap items. Concept art, block-outs and mock-ups are development evidence, not completed products.

DEFINED TERMS

“Defined net” tour and merchandise receipts, publishing participation, the $75,000 label milestone bonus, draw schedule and reporting will be fixed in a written agreement reviewed by counsel. The 1% publishing participation is not catalog ownership.
